

L.O.V.E.

Listening Outcome for Various Environments

Please provide us with some information so that we may more efficiently help you attain the level of hearing you desire. In the boxes below, describe three hearing problems and environments in which they occur

PROBLEMS	ENVIRONMENT	RESULTS WITH HEARING AID

At the time of your fitting, your hearing care professional will cover the following:

- Description of your hearing instrument; demonstration of special features
- Batteries
- Insertion and removal
- Cleaning and care
- Troubleshooting problems
- Warranty coverage

During your trial period, use your L.O.V.E form to write down any area of hearing difficulty. This will help us to help you at your next follow up visit.

Please don't hesitate to call!
